

Standard Essential Health Benefit Orthodontic Review Form

SUBMIT: cephalometric image, panoramic image, 5-7 intraoral photographs, and standard review form.

Benefits for comprehensive orthodontic treatment are approved by us, only in those instances that are related to an identifiable syndrome such as cleft lip and or palate, Crouzon's syndrome, Treacher-Collins syndrome, Pierre-Robin syndrome, hemi-facial atrophy, hemi-facial hypertrophy; or other severe craniofacial deformities which result in a physically handicapping malocclusion as determined by our dental consultants. Benefits are not available for comprehensive orthodontic treatment for crowded dentitions (crooked teeth), excessive spacing between teeth, temporomandibular joint (TMJ) conditions and/or having horizontal/vertical (overjet/overbite) discrepancies.

Provider Name:
Patient Name:
Date:

Indicate an "X" if present

1. Cleft lip/palate deformity
