

UHC Dental TX  
Interim Guidance for New Non-IV Conscious Sedation Codes

**Effective January 1, 2026, Code D9248 (Non-IV Conscious Sedation) will be discontinued and will no longer be recognized as a valid payable code.**

As UHC Dental awaits official guidance from HHSC regarding fees and allowances, we have developed the following interim guidance to ensure continuity. The discontinued code, newly adopted codes, and associated **limitations outlined below will apply to dates of service on or after January 1, 2026.**

**Please note: The reimbursement rates listed for each code have not yet been established by HHSC.** Payment at the appropriate rate will occur once the rate hearing process is complete, and any necessary reimbursement adjustments will be implemented at that time. Refer to your contracted Fee Schedule for the interim fees.
